Press Release

Active Corporation's Retail Web Site Now Open

ActiveECG™ available for sale

CASTINE, Maine--June 25, 2001--Active Corporation, producer of portable medical devices used "when life is on the line™," today announced that its retail web site is now open for business. Customers can purchase Active's new low-cost, portable cardiac monitor, ActiveECG and accessories at <http://www.activecenter.com>.

"We're pleased to offer our customers the most convenient way to get information and purchase ActiveECG. They can easily access the web site, or use our toll-free number," said Jeffrey Siegel, Active's President. "The web site has product details, customer support, and easy online purchasing. Alternatively, customers can always call to speak with a knowledgeable customer sales representative for a person-to-person interaction."

ActiveECG is a powerful, portable, low-cost cardiac monitor which, when coupled with a Palm (NASDAQ: PALM) handheld computer offers a professional diagnostic tool. Active Corporation has received 510(k) clearance from the Food and Drug Administration (FDA) to market ActiveECG as a medical device.
